Art and Design Intent

Artistic Mindsets

- Explore
- Experiment
- Compare
- Evaluate

Our art and design curriculum is designed to give all children the opportunity to express themselves through different artistic styles and forms. It is designed to be accessible to all abilities, enabling children to grow in confidence whilst developing their own skills, creativity and individuality as an artist.

Children learn to observe work from different artists, designers, craft makers and architects from a range of different periods and cultures (including local artists) developing their own views and using this to inspire and develop their own artwork.

Art and Design Skills

Sketching, drawing, painting, printing, textiles, collage, 3D/Sculpture and digital media

Use of colour, texture, and tone

Use of a variety of medium and techniques

Artistic Proficiency

Choose tools and medium deliberately for effect

Use techniques with increasing accuracy

Explore and analyse their own and other's works

Systems

Medium term plans

Role of TAs

Support and challenge

Retrieval of prior learning

Assessment and tracking
