

Music intent

We provide pupils with a high-quality music curriculum to help them gain a firm understanding of what music is through listening, singing, playing, evaluating, improvising and composing across a wide variety of historical periods, styles, traditions, and musical genres. Our curriculum develops a curiosity for music, as well as an understanding of the importance of all types of music. We are committed to ensuring children understand the value of music in the wider community, and are able to use their musical skills, knowledge and experiences to involve themselves in music in a variety of different contexts. We provide children with a wide range of opportunities to experience live music including performances, concerts and visiting musicians

Musical Mindsets

Enjoyment
Creativity
Confidence
Curiosity

Subject expertise

Controlled use of voice and instruments.
Confidence in performing, listening, evaluation, improvising, singing and composing.
